LED LIGHT BARS

Sleek and beautiful, yet durable and powerful. Great for off-roading or for the work site. Our light bars come straight or curved and are available in different sizes. You can mount the bars virtually anywhere including the grille, hood or roof. Manufactured to the highest standards using the latest in LED technology guarantees efficiency and long-lasting performance.

50-INCH DOUBLE
ROW CURVED CREE
LED LIGHT BAR

Model: IL 50288CD

Specifications

Size: 3.25"H x 50"L x 3.5"W
LED's: 96 High Output 3W
Lumen Output: 23410LM
Watt Output: 288W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot/Combo
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Die Cast
Aluminum

40-INCH DOUBLE
ROW CURVED CREE
LED LIGHT BAR

Model: IL 40240CD

Specifications

Size: 3.25"H x 40"L x 3.5"W
LED's: 80 High Output 3W
Lumen Output: 19000LM
Watt Output: 240W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot/Combo
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Die Cast Aluminum

20-INCH DOUBLE
ROW CURVED CREE
LED LIGHT BAR

Model: IL 20120CD

Specifications

Size: 3.25"H x 20"L x 3.5"W
LED's: 40 High Output 3W
Lumen Output: 9600LM
Watt Output: 120W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot/Combo
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Die Cast Aluminum

42-INCH DOUBLE
ROW EPISTAR
LED LIGHT BAR

Model: IL 42240D

Specifications

Size: 3.25"H x 42"L x 3.25"W
LED's: 80 High Output 3W
Lumen Output: 15000LM
Watt Output: 240W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Die Cast Aluminum

22-INCH DOUBLE
ROW EPISTAR
LED LIGHT BAR

Model: IL 22120D

Specifications

Size: 3.25"H x 22"L x 3.25"W
LED's: 40 High Output 3W
Lumen Output: 7500LM
Watt Output: 120W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Die Cast Aluminum

20-INCH DOUBLE
ROW CREE
LED LIGHT BAR

Model: IL 20120D

Specifications

Size: 3.25"H x 20"L x 3.5"W
LED's: 40 High Output 3W
Lumen Output: 9600LM
Watt Output: 120W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot/Combo
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Die Cast Aluminum

15-INCH DOUBLE
ROW CREE
LED LIGHT BAR

Model: IL 1590D

Specifications

Size: 2.75"H x 15"L x 3.25"W
LED's: 30 High Output 3W
Lumen Output: 7000LM
Watt Output: 90W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Die Cast Aluminum

48-INCH SINGLE
ROW CREE
LED LIGHT BAR

Model: IL 48240

Specifications

Size: 1.875"H x 48"L x 3"W
LED's: 48 High Output 5W
Lumen Output: 16800LM
Watt Output: 240W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Stainless Steel

23-INCH SINGLE
ROW CREE
LED LIGHT BAR

Model: IL 23120

Specifications

Size: 2.875"H x 23"L x 3.5"W
LED's: 12 High Output 10W
Lumen Output: 9000LM
Watt Output: 120W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Die Cast Aluminum

LED LIGHT BARS

13-INCH SINGLE
ROW CREE
LED LIGHT BAR

Model: IL 1360

Specifications

Size: 1.875"H x 13"L x 3"W
LED's: 12 High Output 5W
Lumen Output: 4200LM
Watt Output: 60W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Stainless Steel

LED WORK LIGHTS

Compact, powerful and durable. SERMA LED work lights are sure to light up the trail, work site, or wherever extra light is needed. The compact size of the work lights makes them easy to mount on a roof, bumper, hood or virtually anywhere. Engineered to be powerfully bright and offer lasting performance. LED lights feature a durable die cast aluminum housing and include stainless steel or die cast aluminum mounting brackets.

7-INCH ROUND CREE LED WORK LIGHT

Model: IL 751

Specifications

Size: 7.75"H x 7"L x 3.625"W
LED's: 17 High Output 3W
Lumen Output: 3700LM
Watt Output: 51W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Stainless Steel

5-INCH ROUND CREE
LED WORK LIGHT

Model: IL 545

Specifications

Size: 6.75"H x 5.5"L x 3.5"W
LED's: 9 High Output 5W
Lumen Output: 3800LM
Watt Output: 45W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Stainless Steel

4-INCH SQUARE
EPISTAR LED WORK
LIGHT

Model: IL 427

Specifications

Size: 5"H x 4.25"L x 2.125"W
LED's: 9 High Output 3W
Lumen Output: 2150LM
Watt Output: 27W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: PMMA
Mounting Bracket: Stainless Steel

4-INCH ROUND
EPISTAR LED WORK
LIGHT

Model: IL 424

Specifications

Size: 5"H x 4.5"L x 2.25"W
LED's: 8 High Output 3W
Lumen Output: 1850LM
Watt Output: 24W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: PMMA
Mounting Bracket: Stainless Steel

4-INCH RECTANGLE
CREE LED WORK
LIGHT

Model: IL 418

Specifications

Size: 3.25"H x 4"L x 2.5"W
LED's: 6 High Output 3W
Lumen Output: 1600LM
Watt Output: 18W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Die Cast Aluminum

4-INCH SQUARE
EPISTAR LED WORK
LIGHT

Model: IL 415

Specifications

Size: 5"H x 4.25"L x 1.5"W
LED's: 5 High Output 3W
Lumen Output: 1150LM
Watt Output: 15W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: PMMA
Mounting Bracket: Stainless Steel

3-INCH SQUARE
FLUSH MOUNT CREE
LED WORK LIGHT

Model: IL 318

Specifications

Size: 3.625"H x 4.75"L x 3.25"W
LED's: 6 High Output 3W
Lumen Output: 1350LM
Watt Output: 18W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Die Cast Aluminum

3-INCH SQUARE
CREE LED WORK
LIGHT

Model: IL 316

Specifications

Size: 3"H x 3.25"L x 3.125"W
LED's: 4 High Output 4W
Lumen Output: 1280LM
Watt Output: 16W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Flood/Spot
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Die Cast Aluminum

LED SEARCH LIGHTS

The combination of easy illumination and easy use. With the included magnetic mount you can place the search light anywhere in your vehicle's exterior. Connecting to your vehicle's cigarette lighter gives you the convenience of not having to run wires and install switches. The included remote control lets you roam freely around the work site while positioning the light exactly where it is needed.

7-INCH RECTANGLE
EPISTAR LED SEARCH
LIGHT

Model: IL 316

Specifications

Size: 10.5"H x 8"L x 5.5"W
LED's: 10 High Output 5W
Lumen Output: 3500LM
Watt Output: 50W
Voltage Range: 10-30 VDC

Water Resistance: Waterproof IP67
Beam Pattern: Spot
Operation Temperature: -40F – 140F
Durability: 30,000 hours

Details

Material: Die Cast Aluminum
Color: Black
Lens: Poly Carbonate
Mounting Bracket: Magnetic
Connection: Cigarette Plug
