

GENERAL MOTORS & AWRS *Approval Document*

Dear AWRS Network,

Last week, your Business Development Team held an informative webinar announcing AWRS as General Motor's **ONLY** outside source approved to do wheel refinishing under warranty or in customer enthusiasm cases! **CLICK HERE** to download the **official** approval bulletin that was distributed to all GM Parts & Service Departments in the US & Canada.

This bulletin can be used to approach new GM accounts or GM accounts that have switched to one of your competitors. We will also be developing additional materials that will include statements of our GM approval. Stay tuned!

Thank You!
