THE STONE THERAPY

“La piedra, un pequeño fragmento de mil años de naturaleza.

La colección de piedras es la consecuencia de compilaciones de series de escrituras que crean un nuevo valor estético de una escultura a través de la refinancia de una piedra por la mano humana.”

The background of the entire page is a close-up photograph of a stone wall. The stones are irregular in shape and size, with a range of brown and tan tones. The mortar joints are dark and recessed, creating a textured, three-dimensional appearance. The lighting is soft, highlighting the natural grain and imperfections of the stone.
